The Know-Nothing Nominations.

The Know-Nothing primary election for candidates for municipal offices passed off yesterday and last night very quietly. The vote cast was small. We promised our readers that we would give the result, and we give below the names of the nominees. Of course, there were more or less juggling among the leaders after night-fall, which was confined mainly to the precincts in the Eastern District. At midnight last night, however, it was generally conceded that the following nominations had been made:

For Mayor—  
WILLIAM S. PILCHER.  
For City Engineer—  
R. J. ELLIOTT.  
For Auditor—  
JOHN D. POPE.

For School Trustee—  
HENRY WOLFORD.  
For School Trustee—  
N. L. McLELLAND.  
For School Trustee—  
J. J. T. MURRAY.

For School Trustee—  
JAMES H. CRAWFORD.

Messrs. Pope, Wolford, and Murray, we believe, had no opposition.

**FATAL ACCIDENT.**—We are sorry to learn that a German youth by the name of Lenzetti Rios, aged fifteen years, came to his death suddenly about 9 o'clock last evening. He started with the Lafayette Company to the fire on the "Point," and as the company was running with the engine down the declivity in Clay street toward the bridge, he lost his hold upon the rope and was run over by the machine, two wheels passing over his neck, killing him instantly. The coroner held an inquest upon the body yesterday afternoon, and a verdict in accordance with the facts above stated. The young man lived at the corner of Green and Clay streets, and was a householder by trade.

**MOVEMENTS OF HOWARD, THE MURDERER.**—Some time ago we stated that Howard, the murderer of Dickson, was in San Francisco, California. A young gentleman of this city, just returned from Australia, recognized him less than three years ago in the streets of Melbourne. He could not have been mistaken as to Howard's identity, for, expressing the name of "Howard" in the man's presence, his attention was immediately attracted, when he moved off hastily. It is altogether probable that Howard, even after that, left for San Francisco, where he was located at the last account.

**PARENTAL ACCIDENT.**—We learn from the New Albany Ledger that Mr. John S. Smith, an instructor and weekly member of New Albany, had the misfortune of one of his little sons off at the first jump a street car on Thursday last. The accident is a severe one, as Mr. S. has a partner with a family. Fortunately for him and his family, however, he is a member of the I. O. O. F.

**JOSEPH KROGER, WHOSE ARREST** we noticed at the time, was in Police Court yesterday, charged with stealing two coats belonging to a storekeeper. A complaint recognized a seizure, in possession of the prisoner, as he, but the prisoner alleged to have purchased it at a second-hand store. No case could be made out against the accused, and he was therefore discharged.

**THE DISORDERED PRINCE.**—We are informed that the prince of the city of Fifth, Sixth, and Seventh and Chestnut, and at the corner of Sixth and Walnut, are all out of order, and that the citizens in those localities are compelled to seek for food and other necessities for water. This is a serious inconvenience, and the authorities should take it as one.

**COWARDLY AFFAIR.**—An enterprising countryman was seen driving a cow down Fourth street yesterday with a double set of lines attached to the animal's head, one of which was strongly fastened around his own neck. The cowman was seen to be in a state of alarm, and the animal was seen to be in a state of alarm.

**PRESIDENT BUCHANAN'S ISAPORAL.**—We present the following advertisement of Mr. Buchanan this morning in a complete form. We are indebted to the Adams Express Company for the following advertisement of Friday evening and yesterday, from which we copied the document.

**SENIOR FURNISHERS.**—The pupils of the Female Department of the English-Wash Grammar School will be exercised in their studies Monday evening, the 9th inst., at 7 o'clock, at their school rooms, in the city school-house. The friends of the school are invited to attend.

**THE CANAL.**—The canal is engaged with a strong force repairing the damage to the lock in the canal, and the lands continue at their usual level and day. The canal will be ready to run, therefore, by Monday, or as soon thereafter as possible.

**AN OLD MAN.**—by the name of Carr, from the lower schools, was yesterday before the Police Court, charged with excessive and protracted drunkenness. The Court could not possibly do the justice, and the man was sent home as heinous.

**A NUMBER OF CITIZENS** have recently petitioned the Council for the establishment of a "fourth grade of efficiency." We suppose they mean by this to keep an eye of extra side-whisky that will kill at four hundred yards.

**THE WEATHER.**—We have experienced no abatement in the severity of the weather, which was very cold yesterday and last night. The sky was clear and unclouded last night, the barometer indicating continued dry weather.

**MOVING TO GET AID.**—Executions against John Scales and S. W. Elder, upon the ground that they had been already paid, were made by their attorneys in Police Court yesterday. The pleas will be heard on Wednesday next.

**FILE ON THE POINT.**—The fire was a fire near the Cut-off, on the Point, about 9 o'clock last evening. Before the engines reached the scene the building, which was a two-story frame residence, was almost entirely consumed.

**WE** saw an account in the papers of the death of Francis Maraman, a member of Bulfinch Lodge of Masons, of Elizabethtown, Ky. He was beloved by a large circle of friends, and held in high esteem by the Order.

**A CONTINUAL CROWD** of visitors are at Webster's Gallery from "early noon till dewy eve," all eager for one of their beautiful Spherotypes—they are so life-like, brilliant, and permanent.

**THE ST. SHELBY WHIG** says that the cars will be running over the Lexington and Big Sandy Railroad, between that place and Lexington, some time during the coming summer or fall.

**OUR COUNTRY FRIENDS** who wish to supply themselves with perfumery, patent medicines, or toilet goods, cannot do better than to call at 74 Fourth street, between Main and Marl streets.

(BY TELEGRAPH.)

**WASHINGTON, March 7.**  
In the United States Supreme Court this morning, Justice McLean delivered his views, arguing that slavery is limited to the range of States where established by more municipal law. If Congress desire to change this, they have the power to prohibit them becoming settlers therein. The power to acquire territory carries with it the power to govern it. The master does not carry with him to the territory the law of the State from which he removes. Hence the Missouri Compromise is constitutional, and the presumption is in favor of the freedom of Dred Scott and his family, who were free under the laws of the State from which he was removed. Justice Curtis dissented from the opinion of the majority of the Court in the Dred Scott case, as delivered by Chief Justice Taney, and gave his reasons for dissenting.
